TITLE I TIDBIT:

Encourage your student to DREAM about the future! Today's hectic schedules make it even harder for parents to stay in touch with their children. But you can't help your child achieve his/her dreams if you don't know what he/she is dreaming about. Ask your child what he/she loves to do, and why he/she loves it so much. He/She will be thrilled to tell you, and you may learn things about your child that you never knew.
